PRESIDENT'S CORNER

The preparations for the Tulsa meetings are in the final stages of completion. Various committee chairs, committee members, and the Executive Committee have been working hard and deserve the thanks of the Association. In particular we are especially grateful for the dedication and hard work of Ken Paxton and Lonnie Vandever in coordinating the scheduling of numerous session and activities. Please see the complete program in this Newsletter.

You are encouraged to preregister for the meetings on or before January 30, 2004. The registration/dues form appears in this Newsletter and is also available on our site. Note that the SAAS registration fee of \$40 is included in our registration fee of \$120 early or \$145 if paid after January 30. Send the completed form to Secretary/Treasurer Ken Paxton and Lonnie Vandever. Some of you pay your dues to the SAEA when you renew your AAEA dues. If you haven't done this, you can include your \$30 annual dues payment for 2004 along with your meetings registration.

SAEA headquarters will be located in the Doubletree Hotel Tulsa-Downtown. All SAEA meetings are scheduled for the Doubletree Hotel. The group rate is \$95 for a single or double room and reservations must be made prior to January 15. The Doubletree Hotel is located at 616 West 7th Street. Reservations should be made by calling 1-918-587-8000 and asking for the Southern Association of Agricultural Scientists group rate. More information about the meeting site can be found on the SAAS website (<http://www.saasinc.org/tulsahtelinfo.asp>).

Our business Meeting and Awards Program will take place on Monday evening at 5:15pm. Please plan to participate and to congratulate those members being recognized for outstanding contributions. We thank Steve Turner, Mississippi State University, for his leadership in coordinating the various award committees.

Tuesday evening we have planned a social with food and drinks at the Petroleum Club. Heavy hors d'oeuvres and two drinks will be provided as part of your registration fee. The petroleum Club is a private club located convenient to the hotel and with a good view of the city. There will be plenty of opportunity to socialize with colleagues in a relaxed atmosphere. Thanks to Damona Doye, Oklahoma State University, for making these arrangements.

This year the Executive Board voted to discontinue the practice of waiving fees for graduate students. The reduced fee of \$30 if paid by January 30th, or \$45 if paid later, still represents a significant subsidy by the Association. We encourage graduate students to attend and to become members of the SAEA.

I look forward to visiting with many of you at Tulsa and wish you and your families a wonderful holiday season.
